Fibonacci Class Description

Fibonacci. What is that?! Google it. Still don't know? Two (2) color quilt. Easy as 1, 2, 3, 5, 8.

We will make four 34"x34" blocks. Totally awesome looking quilt! Looks like we worked harder than we did. Everyone will be asking us where we found the pattern, but we will learn that the pattern is ALL AROUND US in nature. This quilt will be the HIT of Fall Quiltescape. Guaranteed.
