### **Chic & Jazzy with Beverly Neff**

This Class is a fun and quick technique using the QCR ruler for those wonderful curved blocks. Making only 12 blocks or adding more to make a larger quilt, this contemporary quilt design will be a unique difference looking as if it is very hard, but with the ruler it cuts and makes the design for you. Add borders to enlarge or leave plain, its very eye catching design. All of those that took my class for the Metro Rings will get a double use out of your ruler.

53" x 70" (without borders)

#### **Fabric Requirements:**

12 - 1/3yds of assorted prints

2 yds solid fabric (I used gray for around blocks)

3 1/4 yds of background (I used off white with very little print)

4 yds backing

1/2 yd for binding

Notions needed:

small iron for class /mat / cutter

small ruler for squaring up half square triangle(we love Quilt in a Day..which we sell)

9" or larger square up ruler

Quick Curve Ruler \* (for those of you returning from last year bring your QCR ruler)

Of course there is homework...which I know you all love to have done and realize how much you can really get done in class....don't waste class time for cutting when you can do it in the quiet time at home.

\*wof (width of fabric)

\*Cut on straight of grain
